

An Average Fairy Tale Kingdom

We're just an average fairy tale kingdom in an average fairy tale land.
Every day is sunny and nice according to our fairy tale plan.
We don't have dragons, giants or genies giving us a scare.
We're just an average fairy tale kingdom you'll find anywhere.

We get up each morning at seven; milk the cow and feed all the pigs.
Tend the garden, water the daisies, trim the hedges, gather the eggs.
And every day is happy and pleasant, filled with dance and song.
And in our average fairy tale kingdom nothing can go wrong.

In the castle on the hill there lives our King, the Emperor.
He is there to see that we live happily ever after.
