

## In Africa

Hush baby, hush baby, hush baby, hush baby, sh.....

Hush baby, hush baby, hush baby, hush baby, sh....

Hush baby, hush baby, hush baby, hush baby, sh.....

Hush baby, hush baby, hush baby, hush baby, sh....

The drums play low and the time moves slow, as the rivers flow in Africa.

The drums play low (the drums play low)

Makes you want to go (makes you want to go)

See the children grow (see the children grow) In Africa

Come along, now the drums are growing strong.

Ev'rybody knows the song in Africa.

Come and take a chance, ev'rybody wants to dance

It's a land of romance in Africa, in Africa, in Africa

In Africa, where the world began

In Africa, ev'ry single day you see the animals play,

Makes you want to stay in Africa.

Come on ev'ryone, before the day is done,

There's a land that's full of fun in Africa.

Come along, now the drums are growing strong,

Ev'rybody knows the song in Africa

Quiet little one, come and join me in the sun.

See a new day has begun in Africa.

Hush baby, hush baby, hush baby, hush baby, sh.....

Hush baby, hush baby, hush baby, hush baby, sh....

Hush baby, hush baby, hush baby, hush baby, sh.....

Hush baby, hush baby, hush baby, hush baby, sh....
